

兔抗 CLEC3B 多克隆抗体

- 中文名称：兔抗 CLEC3B 多克隆抗体
- 英文名称：Anti-CLEC3B rabbit polyclonal antibody
- 别名：C-type lectin domain family 3 member B; TN; TNA
- 相关类别：一抗
- 储存：冷冻（-20℃）
- 宿主：Rabbit
- 抗原：CLEC3B
- 反应种属：Human, Mouse
- 标记物：Unconjugate
- 克隆类型：rabbit polyclonal

技术规格

Background:	Tetranectin binds to plasminogen and to isolated kringle 4. May be involved in the packaging of molecules destined for exocytosis.
Applications:	ELISA, WB, IHC
Name of antibody:	CLEC3B
Immunogen:	Fusion protein of human CLEC3B
Full name:	C-type lectin domain family 3 member B
Synonyms:	TN; TNA
SwissProt:	P05452
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human tonsil

IHC Recommend dilution:	25-100
WB Predicted band size:	23 kDa
WB Positive control:	Mouse spleen tissue lysate
WB Recommended dilution:	200-1000
